

ZIMMER PARKING ALERT!

ATTENTION: From Friday, March 2nd through Monday, April 30th, the center lanes of Wilshire Blvd. between Crescent Heights and San Vicente will be used as a work area for Metro-Purple Line Extension. Lanes will be reduced to two lanes each direction. **Street parking on Wilshire Blvd will therefore not be permitted.** The bus lane will be used for regular traffic flow, bus stops will be temporarily relocated and the following parking restrictions on Wilshire will be implemented:

Visitor Parking Lot Access

- ⚠️ Only **RIGHT** turns into and out of the Visitor Parking Lot will be possible, due to the work area in the center lanes of Wilshire.
- ⚠️ If you are traveling east on Wilshire, you can make a u-turn at La Jolla. Left turns from or onto Wilshire will not be possible since **RIGHT** turns are only allowed.
- ⚠️ **NOTE:** Left turns and u-turns can **ONLY** be made at La Jolla (and not at Crescent Heights) until **Monday, April 30th**.

While 1-hour metered parking is **NOT** available on Wilshire, some 2-hour residential parking is available on adjacent streets like Orange St and Sweetzer Ave.
