THE IMPORTANCE OF CONNECTION IN RAISING HEALTHY CHILDREN

By: **Raduca Kaplan**, LMFT

Learn how your social interactions shape your child's sense of self. In this workshop, you will access your inner strengths and the importance of social interaction, through a series of exercises, handouts, and Q&A.

ART TECHNIQUES FOR YOUNG CHILDREN

By: **Leah Padow**, Arts Education Specialist

Being creative and getting messy is something all children do naturally. When given the right tools and materials, children can create art in the early stages of life. In this workshop, we will explore a variety of art materials and its age-appropriate uses for little ones to discover and learn throughout the different stages of their development.
